Cans & Plastic Bottles - in Can Shed redemption liners

- **Size Matters** - when containers are sorted by size and material it's easy to determine how many containers are in a bag. **Multiple sizes in bags will be paid out at the value of the largest size container in the bag** (i.e. 16oz-24oz bottles, properly sorted is \$7.20 in redemption value. When mixed with 2 Liters you will only receive the redemption value of the 2 Liters, which is only \$2.00.) Mixed bags of cans and plastic bottles will need to go through the RVM for proper credit.
- Containers must be clean and dry. (No bugs, excess liquid, garbage, cigarette butts, chew, straws, syringes, etc.) Expect to be turned away if your product contains any of the above.

Prices for Can Shed bags are as follows:

	ITEM	QTY	VALUE
CANS	7.5-12oz bag	240	\$12.00
	16-19oz bag	180	\$9.00
	20oz or larger bag	120	\$6.00
PLASTIC	12oz bag	240	\$12.00
	16-24oz bag	144	\$7.20
	1-1.25L bag	80	\$4.00
	1.33-2.5L bag	40	\$2.00

IOWA CODE 567-107.7(455) BEVERAGE CONTAINERS MUST BE REASONABLY CLEAN. Consumers shall take care to return containers in a reasonably clean and intact condition. In order to be redeemed, an empty beverage container shall be dry and free of foreign materials other than the dried residue of the beverage.

- When using our bulk system there is no limit provided bags meet our guidelines. The cash payout limit is \$200.00 per household per day. Amounts over \$200.00 will receive a check by mail.
- Please hang onto your redemption containers & bags until you are checked in.
- **No deposit paid on flattened, non-deposit, or out-of-state containers.** (We will recycle, but no refund). Please keep these separate from deposit containers.

IOWA CODE 567-107.8(2) In order to be redeemed, BEVERAGE CONTAINERS MUST BE REASONABLY INTACT. For a refillable beverage container, the container must be able to hold liquid, able to be resealed, and in its original shape. A non-refillable glass container may be chipped, but it may not have the bottom broken out or the neck broken off. A non-refillable aluminum container may be dented or partially crushed, but may not be crushed flat. A returnable beverage container should be able to stand on its own base.

RVM: Cans & Plastic Bottles - non Can Shed redemption bag liner

For your convenience Can Shed now has Reverse Vending Machines at selected locations. Recycling your empty containers is as easy as:

1. **One customer per household per machine. Limited to 500 per day.**
2. **Insert your empty containers bottom first** into the chute at the front of the reverse vending machine.
3. When you're finished, **tap the button** at the front of the machine.
4. Steel cans and rejected deposit containers can be counted at the glass table.
5. **Take the receipt** that the machine prints out (the receipt shows the value of your recycling refund, which can be redeemed at the register.)
6. **RVM receipts must be cashed on the date of redemption.**
7. Place any **rejected** items in the designated bins for recycling.

Glass

- For the safety of our employees, **we do not accept glass in bags.** If you do not have the original cases, banana boxes will be provided for you to organize the glass.
- Glass needs to be stacked with bottles lying flat (please see picture below).
- Each box should hold 60 beer bottles, or 20 wine or liquor bottles.

Disclaimer: Generally speaking, beverages that are carbonated and/or alcoholic are deposit eligible. We cannot redeem incorrectly marked containers or those that are distributed by a company whose choices do not comply with state rules. **We reserve the right to make the final judgement** whether to accept any container and pay the deposit and refuse service if guidelines are not followed.

**You're keeping Iowa beautiful,
Thanks for supporting the Iowa bottle bill!**
